(Supplement)

supplement to

national directory of

ARCHITECTS AND ENGINEERS QUALIFIED IN FALLOUT SHELTER ANALYSIS

DEPARTMENT OF DEFENSE • OFFICE OF CIVIL DEFENSE

Washington, D.C.

UNIV. OF FLORIDA LIBS. DOCUMENTS DEPARTMENT U.S. DEPOSITORY

UNIVERSITY OF FLORIDA LIBRARIES OCT 1963

PREFACE

This supplement to the National Directory of Architects and Engineers Qualified in Fallout Shelter Analysis contains a listing of individuals who, as a minimum requirement, have successfully completed a course in Fallout Shelter Analysis during the period January 1, 1963, through June 30, 1963.

The tuition free courses were offered by the Office of Civil Defense, Department of Defense, at various schools and universities throughout the country on a semester type basis or as an intensive 2-week session. The semester type course was presented one night a week (or on Saturday mornings) for approximately 15 weeks. Subjects such as effects of nuclear weapons, structure of matter, basic physics of nuclear weapons, attenuation of nuclear radiation by structural shielding, shelter criteria, biological effects, and environmental engineering were included in the curriculum. Problems and assignments in shielding techniques as well as examinations were given during the course.

To be admitted to the course, an applicant must be a registered architect or engineer or hold a degree from a recognized school of architecture or engineering. Those who successfully complete the course are issued a certificate of proficiency bearing a serial number as shown in the directory. They are also placed on OCD mailing lists to receive current information and technical developments in the field of shelter design and analysis.

This directory contains the names of individuals only and not the names of architectural of engineering firms. It should be noted that the omission of a firm name does not indicate that the firm is not qualified in Fallout Shelter Analysis. Many of the individuals listed in the directory are employed by or are consultants to architectural and engineering firms.

The listing of qualified architects and engineers for each of the eight Civil Defense Regions is arranged alphabetically. Each region is subdivided into the two following sections:

(1) Registered professional architects and/or engineers

(2) Nonregistered architects and/or engineers.

Because they have satisfied the requirements of the Office of Civil Defense and appropriate State Boards of Architectural or Engineering Examiners, individuals listed in the "registered" sections of the directory are qualified to design as well as evaluate fallout shelters. Professional architects and engineers who are registered in States other than their residence have also been listed in the "registered" section of this directory. Unless otherwise exempted by their State Boards, individuals who have received their certificates of proficiency in Fallout Shelter Analysis but are "not-registered," will have to perform their design and review of fallout shelters under the direct supervision of a duly registered architect or engineer.

In this nuclear age, architects and engineers throughout the country should have a thorough understanding and knowledge of the fundamentals and newly developed techniques of shelter design and analysis. With this added knowledge and capability, an architect or engineer can provide an optimum degree of fallout protection in any proposed building project with very little if any increase in construction cost and without handicapping the primary use of the building.

ADDRESSES OF OCD REGIONS

Architects and engineers interested in participating in the Fallout Shelter Analysis Courses can obtain enrollment forms from their Civil Defense Regional Offices as follows:

Region	*Address*	*States Serviced*
1	Oak Hill Road, Harvard, Mass__	Maine, New Hampshire, Vermont, New York, Massachusetts, Connecticut, Rhode Island, New Jersey, Puerto Rico.
2	Olney, Md.	Pennsylvania, Ohio, Kentucky, Virginia, West Virginia, Maryland, Delaware, District of Columbia.
3	P.O. Box 108, Thomasville, Ga__	Tennessee, North Carolina, South Carolina, Georgia, Alabama, Mississippi, Florida, Canal Zone.
4	Battle Creek, Mich	Minnesota, Wisconsin, Michigan, Illinois, Indiana.
5	P.O. Box 2935, University Hill Station, Denton, Tex.	New Mexico, Oklahoma, Texas, Arkansas, Louisiana.
6	Denver Federal Center, Building 50, Denver 25, Colo.	North Dakota, South Dakota, Wyoming, Nebraska, Colorado, Kansas, Iowa, Missouri.
7	Naval Auxiliary Air Station, Santa Rosa, Calif.	California, Nevada, Utah, Arizona, Hawaii.
8	Everett, Wash	Washington, Montana, Oregon, Idaho, Alaska.

CONTENTS

The supplement to the "National Directory of Architects and Engineers Qualified in Fallout Shelter Analysis" is divided into sections corresponding to the eight Civil Defense Regions and a section on Foreign students.

Page numbers and sections corresponding to Civil Defense Regional Offices are as follows:
